## 1. Aims

The aims of relationships and sex education (RSE) at our school are to:

- Provide a framework in which sensitive discussions can take place
- Prepare students for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help students develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach students the correct vocabulary to describe themselves and their bodies

### **How will the curriculum be matched to my young person's needs?**

The HFS curriculum is based on the vision statement of 'A place of love, commitment and opportunity'.

**‘Love’** represents the unconditional love that is provided through the well-being support provided to all students resulting in them being able to overcome and manage their differing needs.

**‘Commitment’** represents the commitment to providing our students with a purposeful and engaging academic curriculum resulting in them gaining relevant accreditation so that they leave with a world of opportunity at their feet.

**‘Opportunity’** represents the life skills that we will develop in the students resulting in them leaving school fully prepared for adulthood and their working life.

It is key that each of these are of equal importance and in fact all support each other equally:

1. Develop a child’s well-being and you improve their chances of achieving academically. They will also develop the confidence to tackle and understand those key life skills for success.
2. Prove to a child that they can be successful academically and you will do wonders for their well-being. They will also be better able to reflect on and develop those key life skills
3. Give children the skills to be successful in life and again their well-being will rise significantly. They will also grow in confidence within their academic subjects and value and appreciate the importance of academia more readily

Provision of a rich, inclusive, holistic learning environment where every learner is empowered to progress and achieve at the highest level, is fundamental to the philosophy at Heath Farm School.

## 2. Statutory requirements

As an all through school must provide relationships education to all students as per section 34 of the [Children and Social work act 2017](#).

However, we are not required to provide sex education for primary aged students, but we do need to teach the elements of sex education contained in the science curriculum.

In teaching RSE, we must have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#). At Heath Farm School we teach RSE as set out in this policy.

We also have regard to Keeping Children Safe In Education 2020 (updated 2021), The Equalities Act 2010 and the Public Sector Equality Duty. Additionally we need to regard Working Together to Safeguard children 2019, last updated September 2020

## 3. Policy development

This policy has been developed in consultation with staff, students and parents. The consultation and policy development process involved the following steps:

1. Review – Deputy Headteachers for both Wellbeing and Quality of Education pulled together all relevant information including relevant national and local guidance

2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations
3. Parent/stakeholder consultation – parents and any interested parties were invited to respond to the policy
4. Student consultation – we investigated what exactly students want from their RSE through the Student Council
5. Ratification – once amendments were made, the policy was shared with governors and ratified

## 4. Definition

RSE is about the emotional, social and cultural development of students, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information, and exploring issues and values.

RSE is not about the promotion of sexual activity. RSE is not about the promotion of any ideologies or belief systems.

## 5. Curriculum

Our curriculum is set out as per Appendix 1 and 2 and will support what students need to know at the end of primary and secondary phases as outlined by the DFE, however we may need to adapt it as and when necessary.

We have developed the curriculum in consultation with parents, students and staff, taking into account the age, needs and feelings of students. If students ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

Primary sex education will focus on:

- Preparing boys and girls for the changes that adolescence brings
- How a baby is conceived and born

For more information about our curriculum, see our curriculum map in Appendix 1.

## 6. Delivery of RSE

RSE is taught within the Spiritual, Moral, Social and Cultural lessons from upper KS2 onward, these sessions incorporate the PSHE curriculum (please additionally refer to HFS peer on peer abuse policy). Biological aspects of RSE are taught within the science curriculum at a primary level. From Upper KS2 onwards there are discrete timetabled lessons so all appropriate classes have access to three half termly blocks of approx. 6 lessons each term, resulting in each student having access to

approximately 18 x 45 minute sessions over the course of the academic year. This is supported by the PSHE Association Thematic Model Schedules delivered within the SMSC curriculum.

External providers and any resources are fully vetted for compliance with the Equalities Act 2010 and the DFE guidance 2020 relating to RSE and over seen by the Headteacher.

All primary aged students' relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

For more information about our RSE curriculum, see Appendices 1 and 2.

Secondary aged students' RSE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds including:

- Families
- Respectful relationships, including friendships
- Online and media
- Being safe
- Intimate and sexual relationships, including sexual health

For more information about our RSE curriculum, see Appendices 1 and 2.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

## **7. Roles and responsibilities**

### **7.1 The governing board**

The governing board will approve the RSE policy, and hold the headteacher to account for its implementation.

The governing board will hold the headteacher to account for the implementation of this policy.

The governing board has delegated the approval of this policy to headteacher

### **7.2 The headteacher**

The headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw students from [non-statutory/non-science] components of RSE (see section 8).

### 7.3 Staff

Staff are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual students
- Responding appropriately to students whose parents wish them to be withdrawn from the [non-statutory/non-science] components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the Headteacher.

RSE teaching is supported by membership to the PSHE Association.

### 7.4 Students

Students are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

## 8. Parents' right to withdraw

Parents' do not have the right to withdraw their children from relationships education.

Parents' have the right to withdraw their children from the non-statutory/non-science components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher.

A copy of withdrawal requests will be placed in the student's educational record. The headteacher will discuss the request with parents and take appropriate action.

Alternative work will be given to students who are withdrawn from sex education.

## 9. Training

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar.

The headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to support and training to staff teaching RSE.

Further training has been delivered by the SMSC lead in conjunction with the Senior Leadership team using the DFE resources.

## **10. Monitoring arrangements**

The delivery of RSE is monitored by the Senior Leadership Team through the yearly monitoring cycle processes including lesson observations, pupil progress meetings and climate and learning walks.

Students' development in RSE is monitored by class teachers as part of our internal assessment systems and recorded on Solar within both the science and SMSC strands.
