

Curriculum Intent

Our curriculum intent is a **shared vision** that has been designed and communicated by a whole school staff, teaching and therapeutic team in partnership with feedback from our parents/carers and pupils. Communication with our pupils and stakeholders is shared through meetings, assemblies, enrichment events, training and family workshops. This Curriculum Overview should be read together with our **Curriculum Policy and Developmental Marking and Feedback Policy**.

There are key values that have guided our curriculum that includes the school context and the clear intent to deliver a quality education to all. The curriculum fully encompasses the school values of Love, Commitment and Opportunity- separating the Wellbeing, Academic and Skills aspects of our offer. There is a whole school approach to our curriculum offer that, in essence, should be holistic and individualised for pupils' needs and interests. We establish prior knowledge and skills and build a pathway that ensures talents are nurtured, opportunities are experienced and that learning leads to positive outcomes that are right for each individual. We ensure that each individual is able to pursue subjects they wish to study, a focus on life skills throughout the curriculum where SMSC runs alongside everything that we do. The creative and calming environment promotes inquisitive minds with a developed wellbeing area that offers purposeful break out, sensory and individual learning spaces. There is a holistic approach, embedding our therapeutic input, supporting social and emotional well-being. Our curriculum is engaging, practical with a broad offer with the following key objectives:

-  **Broad & Balanced:** Academic, creative, therapeutic, life skills and vocational opportunities. As many opportunities/experiences as possible to offer a motivating education that can develop talents in addition to having the opportunity to explore.
-  **Curriculum Pathways:** Equipping individuals for THEIR future, securing outcomes and qualifications to enable future success and achievement. Every child to have a positive next destination;
-  **High Expectations:** Support individuals in developing self-belief, self-discovery and self-confidence to enable them to develop high expectations of themselves;
-  **Impact:** In everything we offer, everything will be purposeful and have impact. We recognise that our education must motivate our young people and raise their confidence and self-esteem;
-  **Challenge:** To support the needs of individuals with accepting and responding to challenge, making mistakes, learning from mistakes and supporting others with their challenge;
-  **Responsibility:** Every individual to take responsibility, accept support, support others, contributing to being a successful member of the community.

Curriculum Implementation

Curriculum Offer	Curriculum Delivery
<p>Love- Therapeutic</p> <p>Individual and group interventions are offered and embedded across the curriculum with a structured, well-informed environment that is designed to support pupils’ health and well-being at all times.</p>	<p>Academic Timetable</p> <p>Structured and systematic approach with clearly defined lessons. Can follow a primary, nurture or secondary model of delivery. All have access to specialist staff, directly or indirectly and rich learning environments. Students from KS4 onwards have access to a diverse and aspirational Options Curriculum.</p> <p>Learner-Initiated and Adult Led Teaching</p> <p>A flexible approach with teaching input delivered in short and diverse sessions. Therapeutic Education plans in conjunction with Wellbeing support.</p> <p>Thematic Learning</p> <p>Integrated approach with cross-curricular opportunities around a focused theme or overarching question. Thematic learning space to support and enhance delivery.</p>
<p>Commitment - Academic</p> <p>A breadth of subject offer leading to a wide range of formal qualifications. The National Curriculum will form a part of our whole school curriculum. We will take autonomy for our school curriculum and for the way we plan for and deliver the National Curriculum.</p>	
<p>Opportunity – Skills Builder</p> <p>Training, development of skills and practical knowledge that may and can relate to occupation and employment.</p>	
<p>Experiences & Talents</p> <p>Providing new and rich opportunities for pupils to have experiences and explore possibilities. Recognition and nurture of interests, ambitions and talents. Opportunities to support and enrich through Wellbeing, rewards and bespoke curriculum TEP pathways.</p>
